

COLLESI
EAU DE PARFUM

EAU DE PARFUM SEGRETO

Description

On the border between Italy's Marche and Umbria regions, in the ancient village of Apecchio, Giuseppe Collesi has been overseeing the Italian art of distillation for more than 20 years. Fascinated by stills and aromas since childhood, Collesi loves to experiment and he has become a true alchemist of emotions. Playing with unique essences and pure alcohol from the Collesi Distilleries, he gives life to bright and original compositions: this is how the Collesi Eau De Parfum line was born. Segreto hides and reveals a profound array of colors and feelings of intoxicating lightness and irresistible desires to dream and savor life to the fullest. Warm and intense, the fragrance captivates at the onset with its top notes and recites an olfactory poem that is delicious and invitingly fruity in character.
